

There's a Long, Long Trail

Zo Elliott
arr. T. M. Taylor
ed. by Meri Schoof

Moderato ♩ = 108

The image shows a full band score for the piece 'There's a Long, Long Trail'. The score is written for a 2 1/2 band and includes parts for C Piccolo/Flute 1, 2; Oboe; B♭ Clarinet 1 and 2, 3; Bass Clarinet; Bassoon; Alto Sax.; Tenor Sax.; Baritone Sax.; Solo Cornet; Cornet 1 and 2, 3; F Horn 1, 2 and 3, 4; Trombone 1, 2 and 3; Baritone; Tuba; Bells; and Percussion. The music is in 2/4 time with a key signature of two flats (B♭ and E♭). The tempo is marked 'Moderato' with a metronome marking of 108. The dynamic marking is 'mf' (mezzo-forte). The score includes various musical notations such as slurs, ties, and articulation marks. There are several callout boxes providing instructions and information:

- Piccolo/Flute:** If the part goes above F5, create Flute 2, (See Notes)
- Orientation:**
 - Score and parts = Portrait
 - Margins = 1/2 inch clear
 - Size: Combine parts on score to keep page above 50%
- Text:**
 - Font = Times New Roman
 - Title = 24 point bold or larger
 - Composer et al = 14 pt bold
 - Major tempo = 14 pt bold
 - Metronome Marking = 14 pt bold
 - Duration = 14 pt bold
 - Within score = 12 pt
 - License = 10 pt
- Dynamic Level - on each instrument at each new entrance**
- License centered on bottom margin - Score donated to BMPDF only.**
 - Go here to find out more - <http://creativecommons.org/license/>
 - Go here for copy and paste license - http://creativecommons.org/license/non-web-popup?license_code=by
- Measure Numbers centered below bottom staff**

The score ends with measure numbers 2 through 12. The percussion part includes a 'Tria.' (trill) in measure 7.

BandMusic PDF Style Sheet

Band Score 2

3 levels of scores are recognized at BMPDF: 1.) **Transcription** - Compile original parts onto a score. 2.) **Edition** - Transcribe and edit, fixing pitch, rhythm, articulation and other errors. 3.) **Arrangement** - Create a brand new setting of the original material. Note: Expect to find errors in the original printed parts.

Always check if the title is already being scored. See below for contact info.

Portrait Orientation - 8.5"x11" for score and new parts.

For readability, keep combined parts together on the score and explode parts when extracted. Example: Typically CL 2/3 on the score; Separate pages for CL2, CL3 in the parts. Same for other parts.

Use the minimum reduction possible; hopefully keeping the reduced page to larger than 50%. (Judgment call.)

Use notation conventions as specified in "Standard Music Notation Practice" by Music Publishers Association. It can be downloaded free at: <http://mpa.org> See "Music Notation" near bottom of home page.

Score Layout: Band instrument order, not Orchestral order, i.e. Horns are below Cornets/Trumpets.

Ordinarily Tenor Horn parts are not included in a modern edition. Question: Are Tenors adding anything essential that is not covered by other voices in the band? If so, put them in another part. (Judgment call)

Do include parts for standard modern instrumentation, including Bass Clarinet, Saxes, etc. Find the most characteristic parts to double. For example, make the Bass Clarinet part lay well on the instrument.

Stay true to the composer's intentions. For example, in editing avoid arbitrary octave doublings in the middle of the sound spectrum in order to keep the composer's sonorities clean.

Create Flute 1 & 2 parts from the original Db Piccolo part. Note that Flute 2 should not go above F5. Anything higher than F5 should be doubled 8vb. Use your own good judgment to produce coherent musical phrasing.

Every time parts divide, put *div.* label; when they play together, put *unis.* label.

Flute 1 and Piccolo may be on the same part by using +Pic. and -Pic. In general, use piccolo in louder passages and omit in softer passages. Or score Pic 8vb in soft passages. Again, this whole issue is a judgment call.

Do include Tempo and Metronome Markings on the score. If none were given by the composer, then "March tempo," "Moderato," "Allegro" or others might be appropriate.

Tempo, Metronome and Style markings need to be large enough to be easily read without a magnifying glass and printed in bold type.

Give yourself credit on the upper right of page 1 in the score as in the following example:

E.E. Bagley
Edited by John Smith Right justified.

Refer to type point sizes and similar information on the accompanying **BMPDF Style Sheet – Score**, for a uniform appearance.

If in doubt, clarity and readability are always the final arbiters.

If the score is being donated to BandMusic PDF Library, then a **Creative Commons License** is used in place of the copyright notice. For an example, see accompanying Style Sheet. If the score is being done for publication, follow the publisher's style sheet and copyright conventions.
